4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Provide a public education program by distributed educational materials to residents and businesses in the community concerning the impacts of stormwater discharges and POC's on water bodies. This includes but is not limited to: BMP outreach to help the public better understand the impacts of stormwater and pollution runoffs thru printed public education material the MS4 library, the website and waste site disposal option publications. SWCD provides training to contractors in the county.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Following the measurable goals detailed above in 4.A that meet the requirements of the Village SWMP.
Quantifiable results are hard to determine in a small (1.5sq.mile) Village that is built out with a piped stormwater conveyance system. The best observation is the absence of stormwater related issues that would be caused by the local population not following BMP's

C. How many times was this observation measured or evaluated in this reporting period?

			0
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this Measurable Goal during this reporting period?
☒ Yes ☐ No
E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?
☒ Yes ☐ No
F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

Continuing to follow the measurable goals detailed above in 4.A. that meet the requirements of the Village Notice of intent.
Continue to follow the Village Stormwater Management Plan outline.
